EXPERIENCE

Desk Services Manager / December 2017 to present

Manager of over fifteen students for Carnegie Mellon Housing Services.

Responsibilities include clear staff communication, monthly meetings, shift scheduling, and an ability to creatively adapt to unpredictable scenarios.

Promoted from Desk Services Attendant, a position I held for 3 semesters.

Intro to Web Design Teaching Assistant / Fall 2017 semester

TA'd for the School of Design under Andrew Twigg, for an intro web design course covering HTML5, CSS3, jQuery, and responsive web layouts. My role consisted of answering student questions and critiquing student designs.

Freelance Web Designer / 2016 to present

Took client requests for custom and exclusive blog layouts and pages. I both designed these themes and wrote the code from scratch after clients filled out a preliminary design form and submitted wireframes.

NOTABLE PROJECTS

Carnegie Mellon Computer Science Academy

Worked with a number of students under David Kosbie to begin developing a free high school computer science curriculum. I worked on UX design, brand identity, video editing, media collection, and high school outreach through tutoring high school teachers in Python 3. Additionally, I helped develop curriculum content.

101 Claras to See

Head book designer for the *101 Claras to See* charity book anthology, which raised hundreds of dollars for the British Charity One to One Children's Fund.

AWARDS & HONORS

Carnegie Mellon Dean's List

Fall 2017 Semester

Circle of Friends

Recognized by Connecticut Senator Richard Blumenthal for over 200 hours of volunteer work with special needs children.

Competition Model Congress

Honorable mentions from both Yale and Columbia University.
