

FOAM FORMS

REN & TIFFANY

Use a **pen** to trace your form onto the foam

Make rough cuts with the **Olfa knife** to outline the form

Use an **Xacto knife** for more precision cuts

When you sand, don't forget your **dust mask!**

Sand down the curves and edge to keep the form neat

Use different grits of **sandpaper** depending on how much foam needs sanding away

Comparing the feel of the forms helps with accuracy
