

A Modular Solution for IDeATE

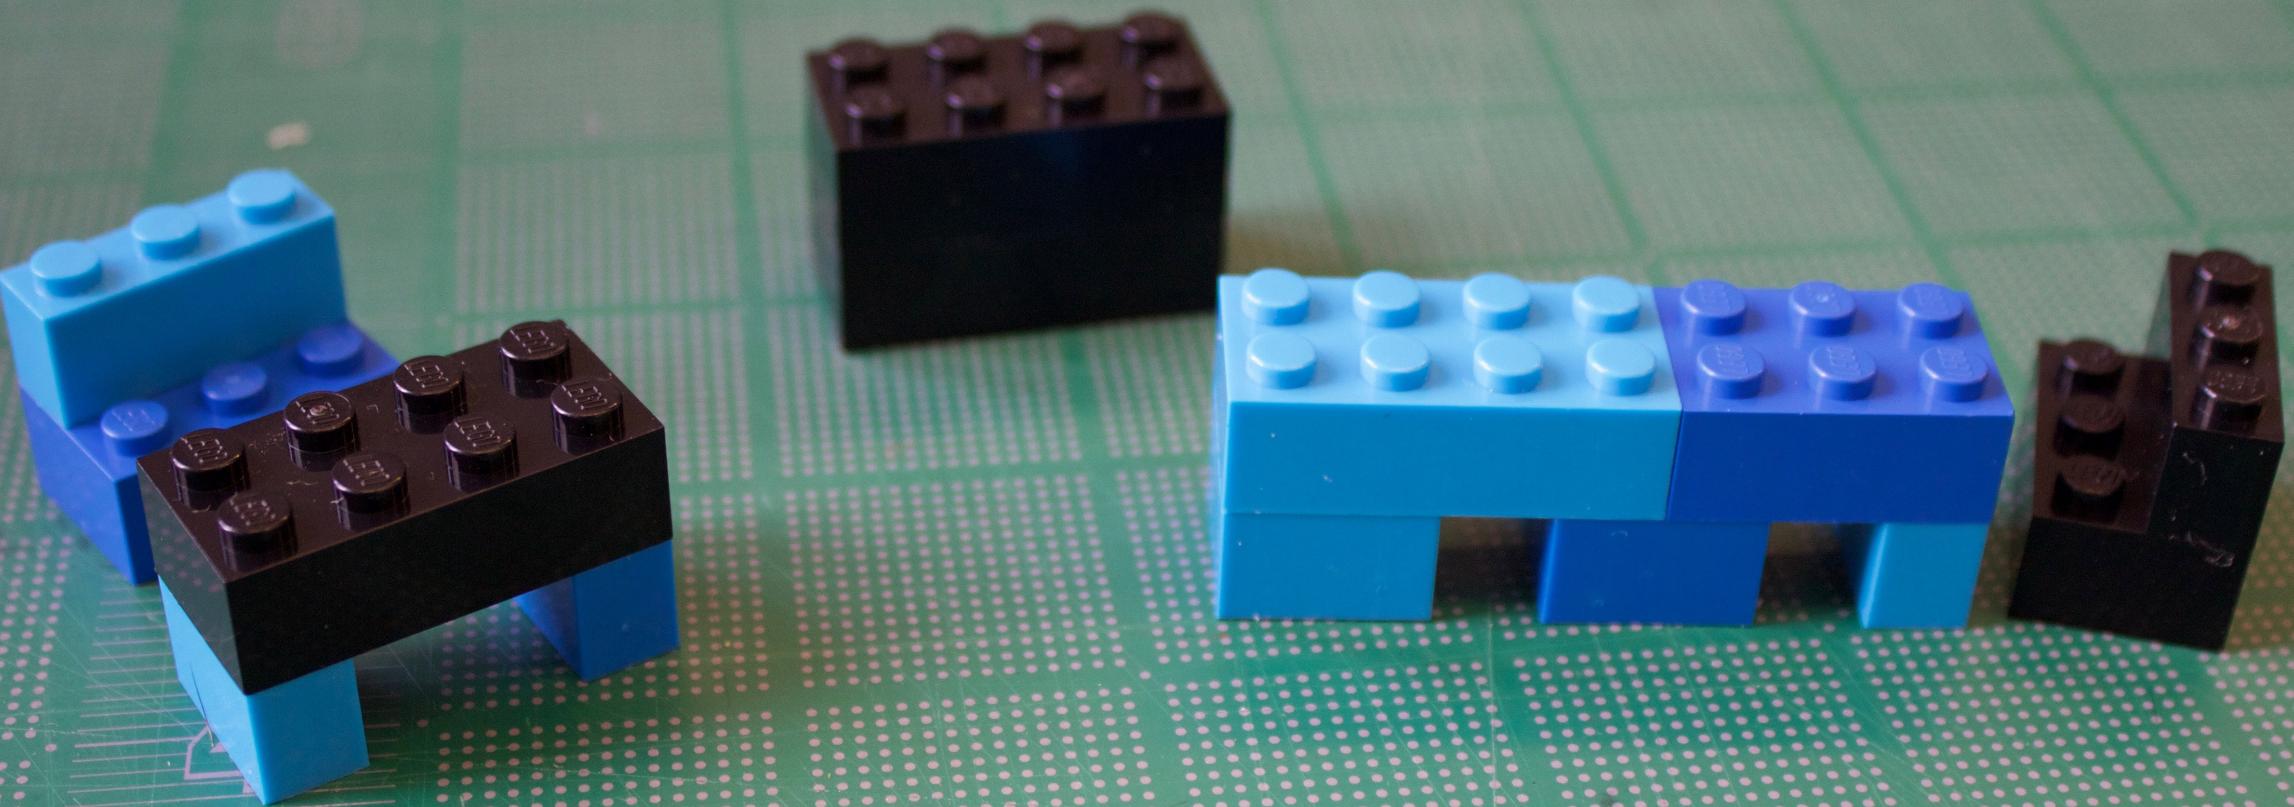

by Ren Davison

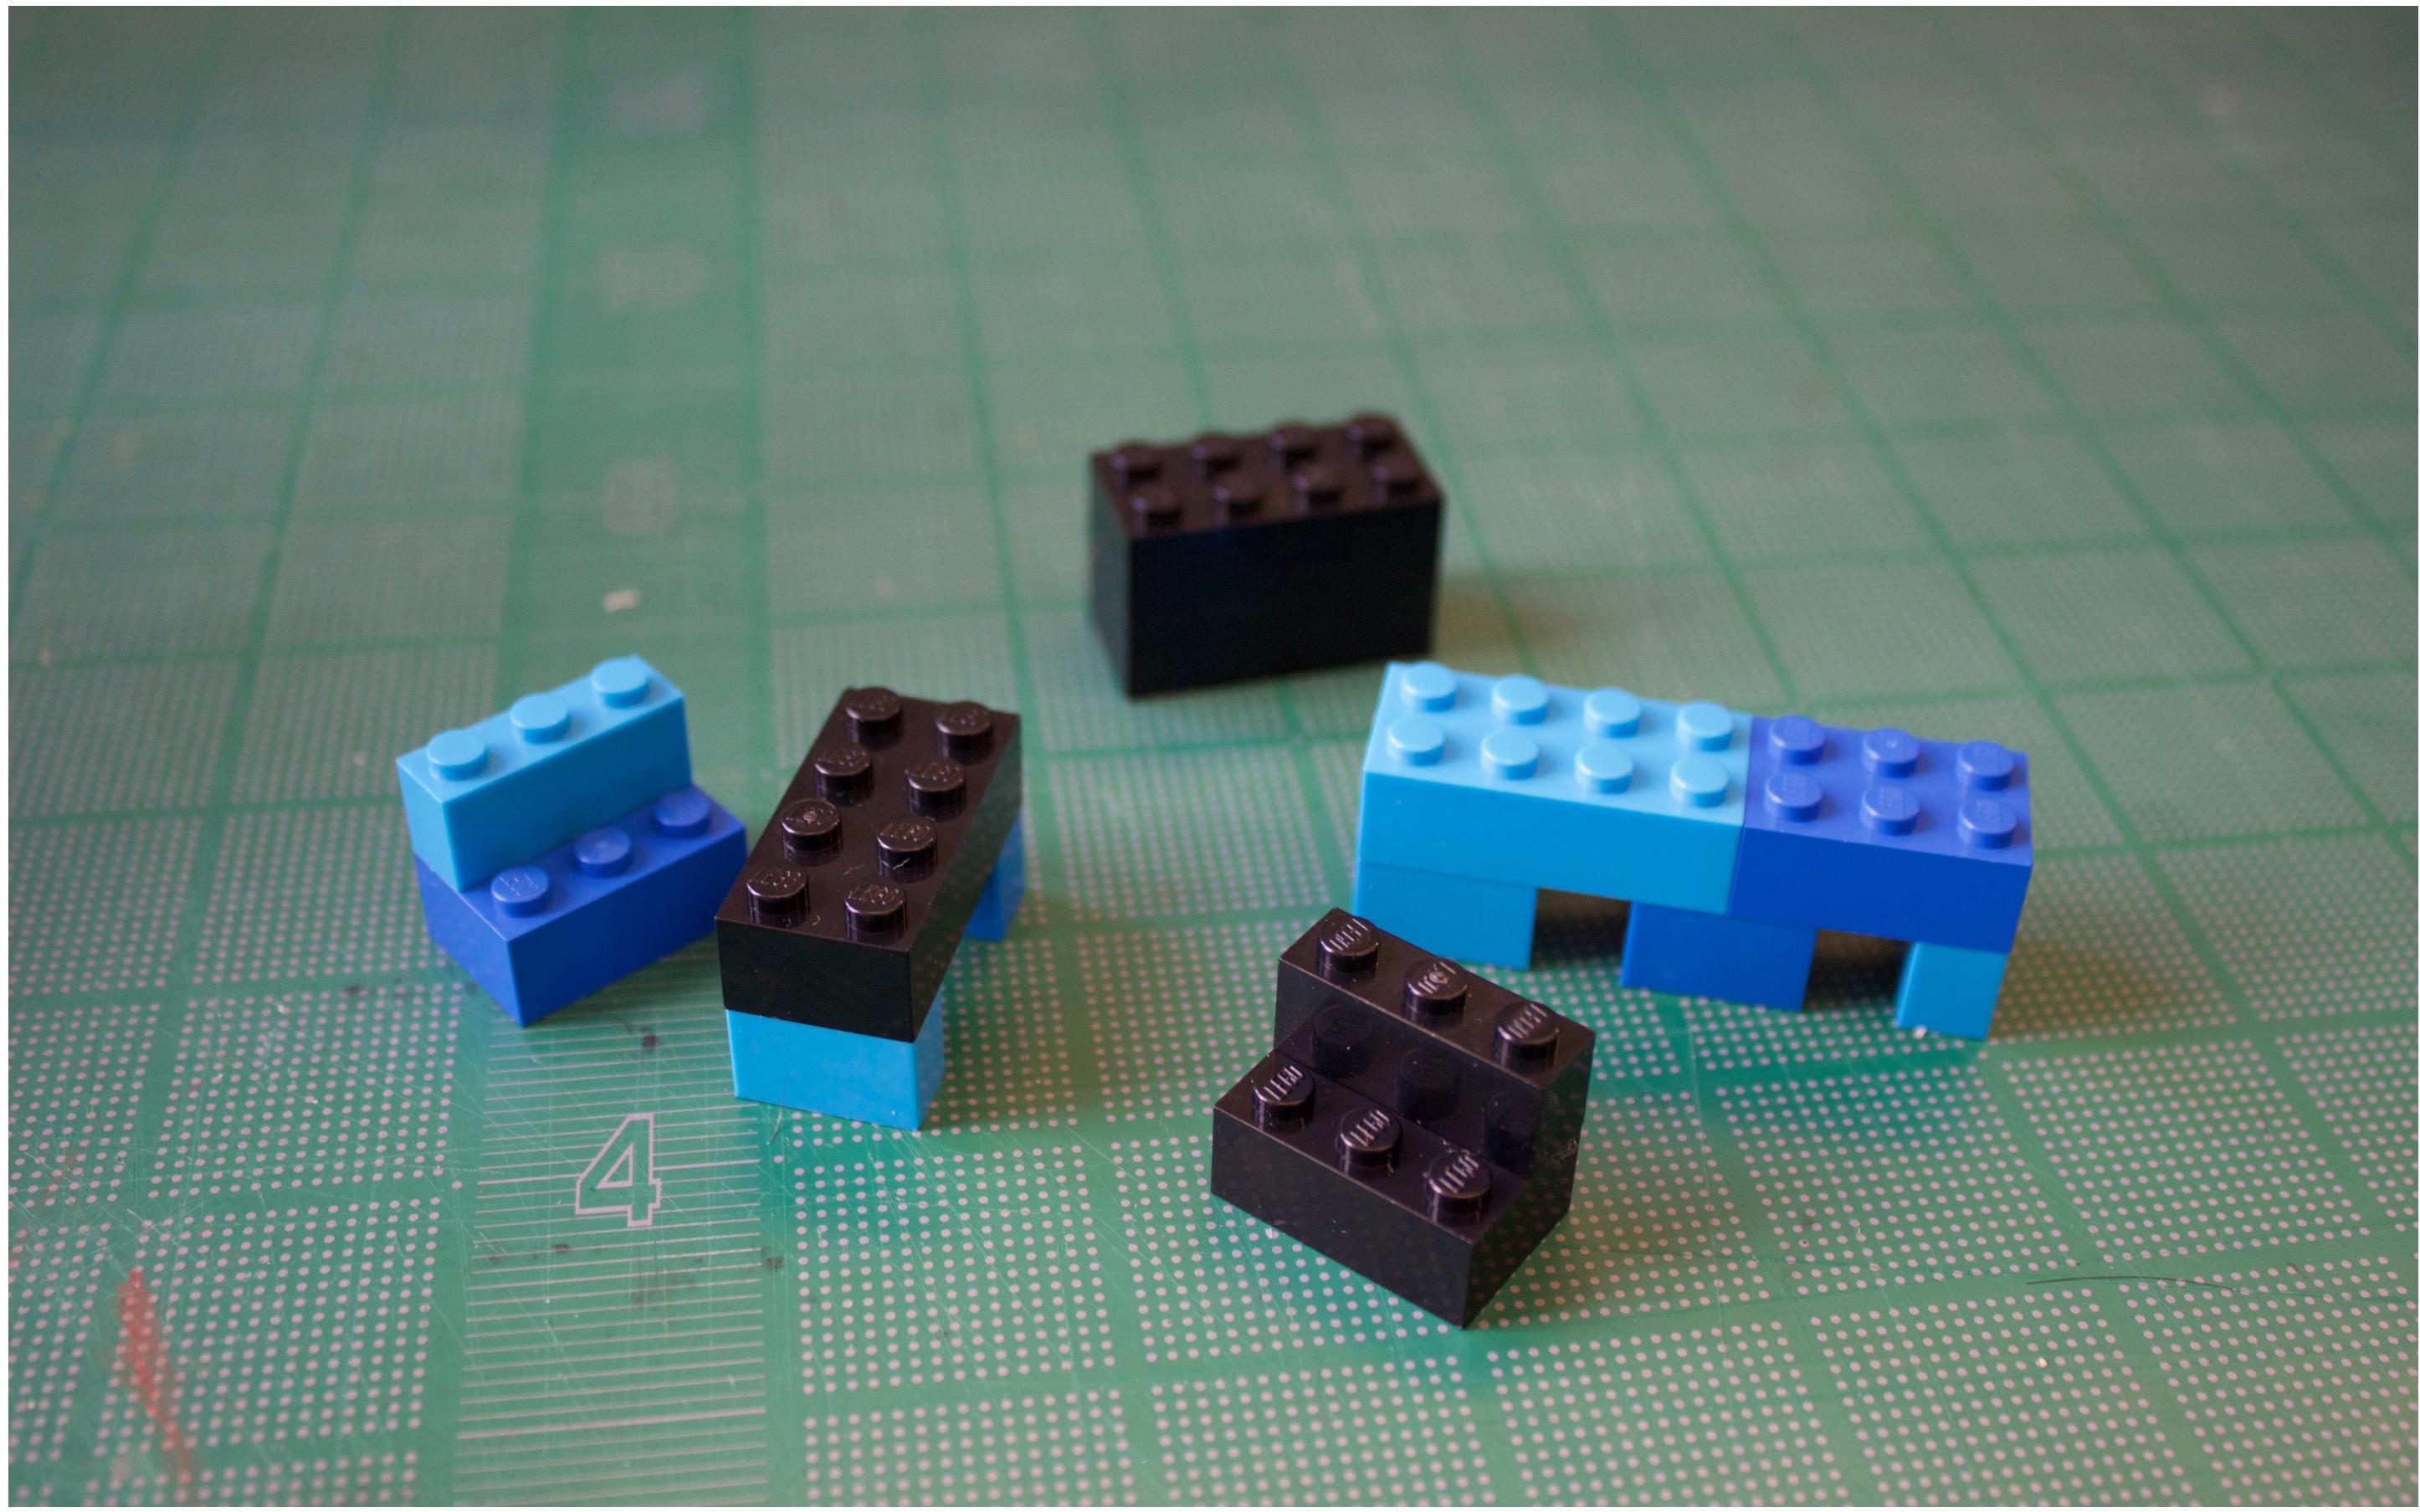

How do you adapt to a transient studio space?

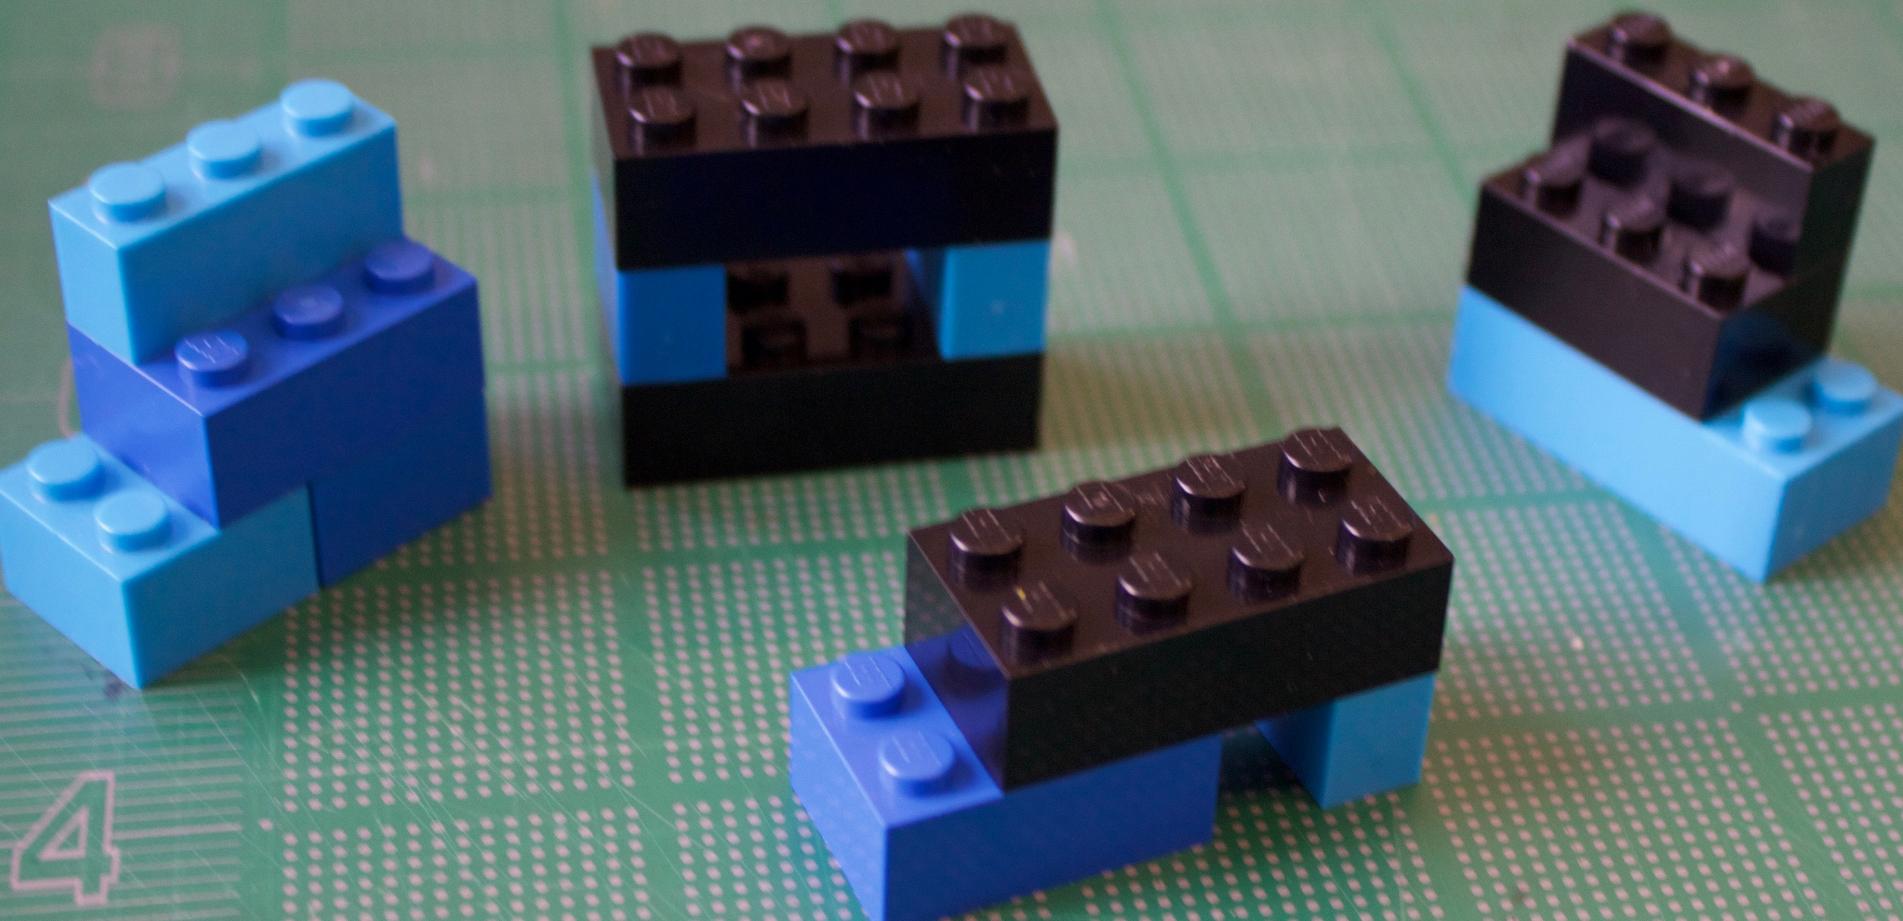

**How do you adapt to a transient studio space?
Why not embrace it?**

A focus on the temporary and the customizable...

**A focus on the temporary and the customizable...
and inspired by a fundamental idea.**

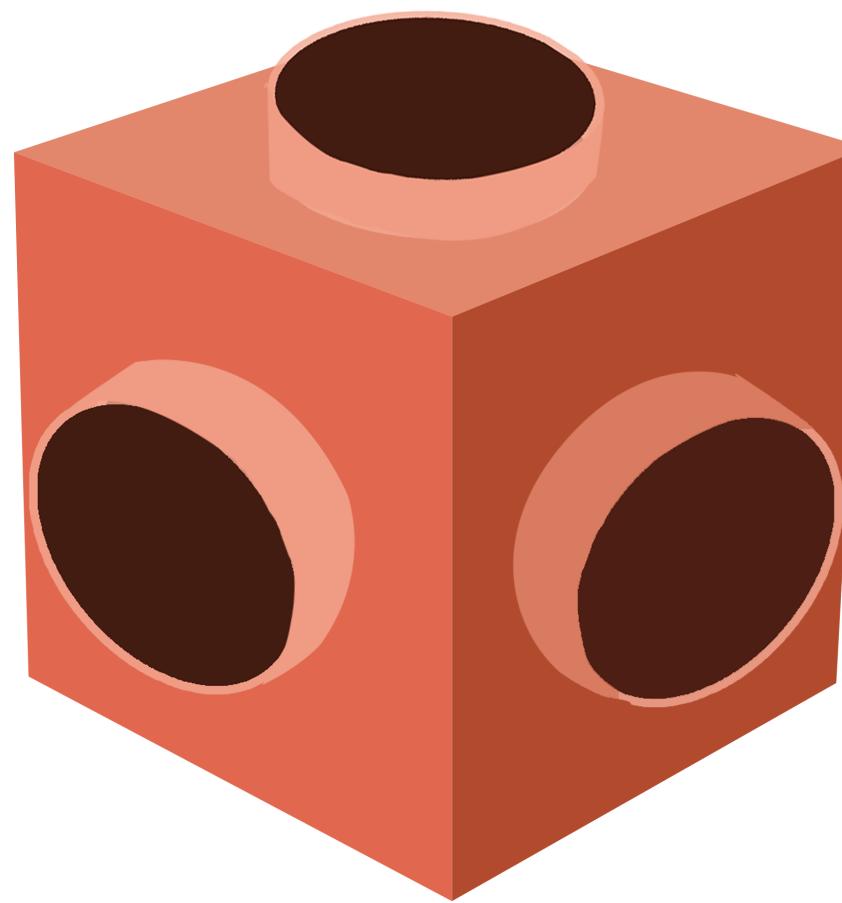

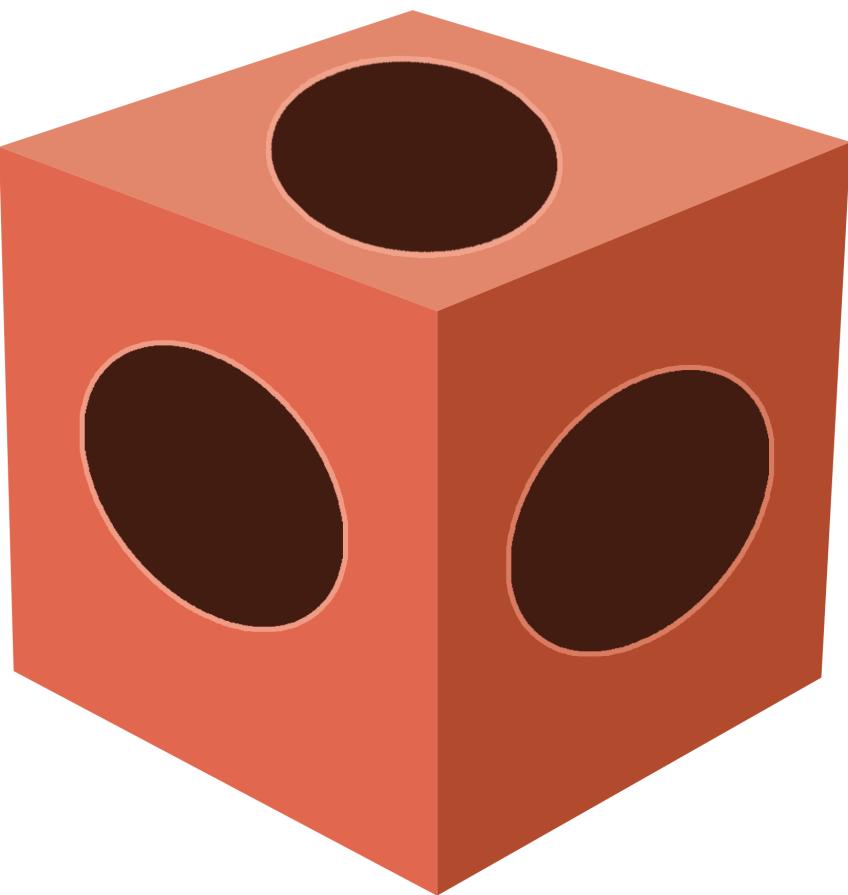

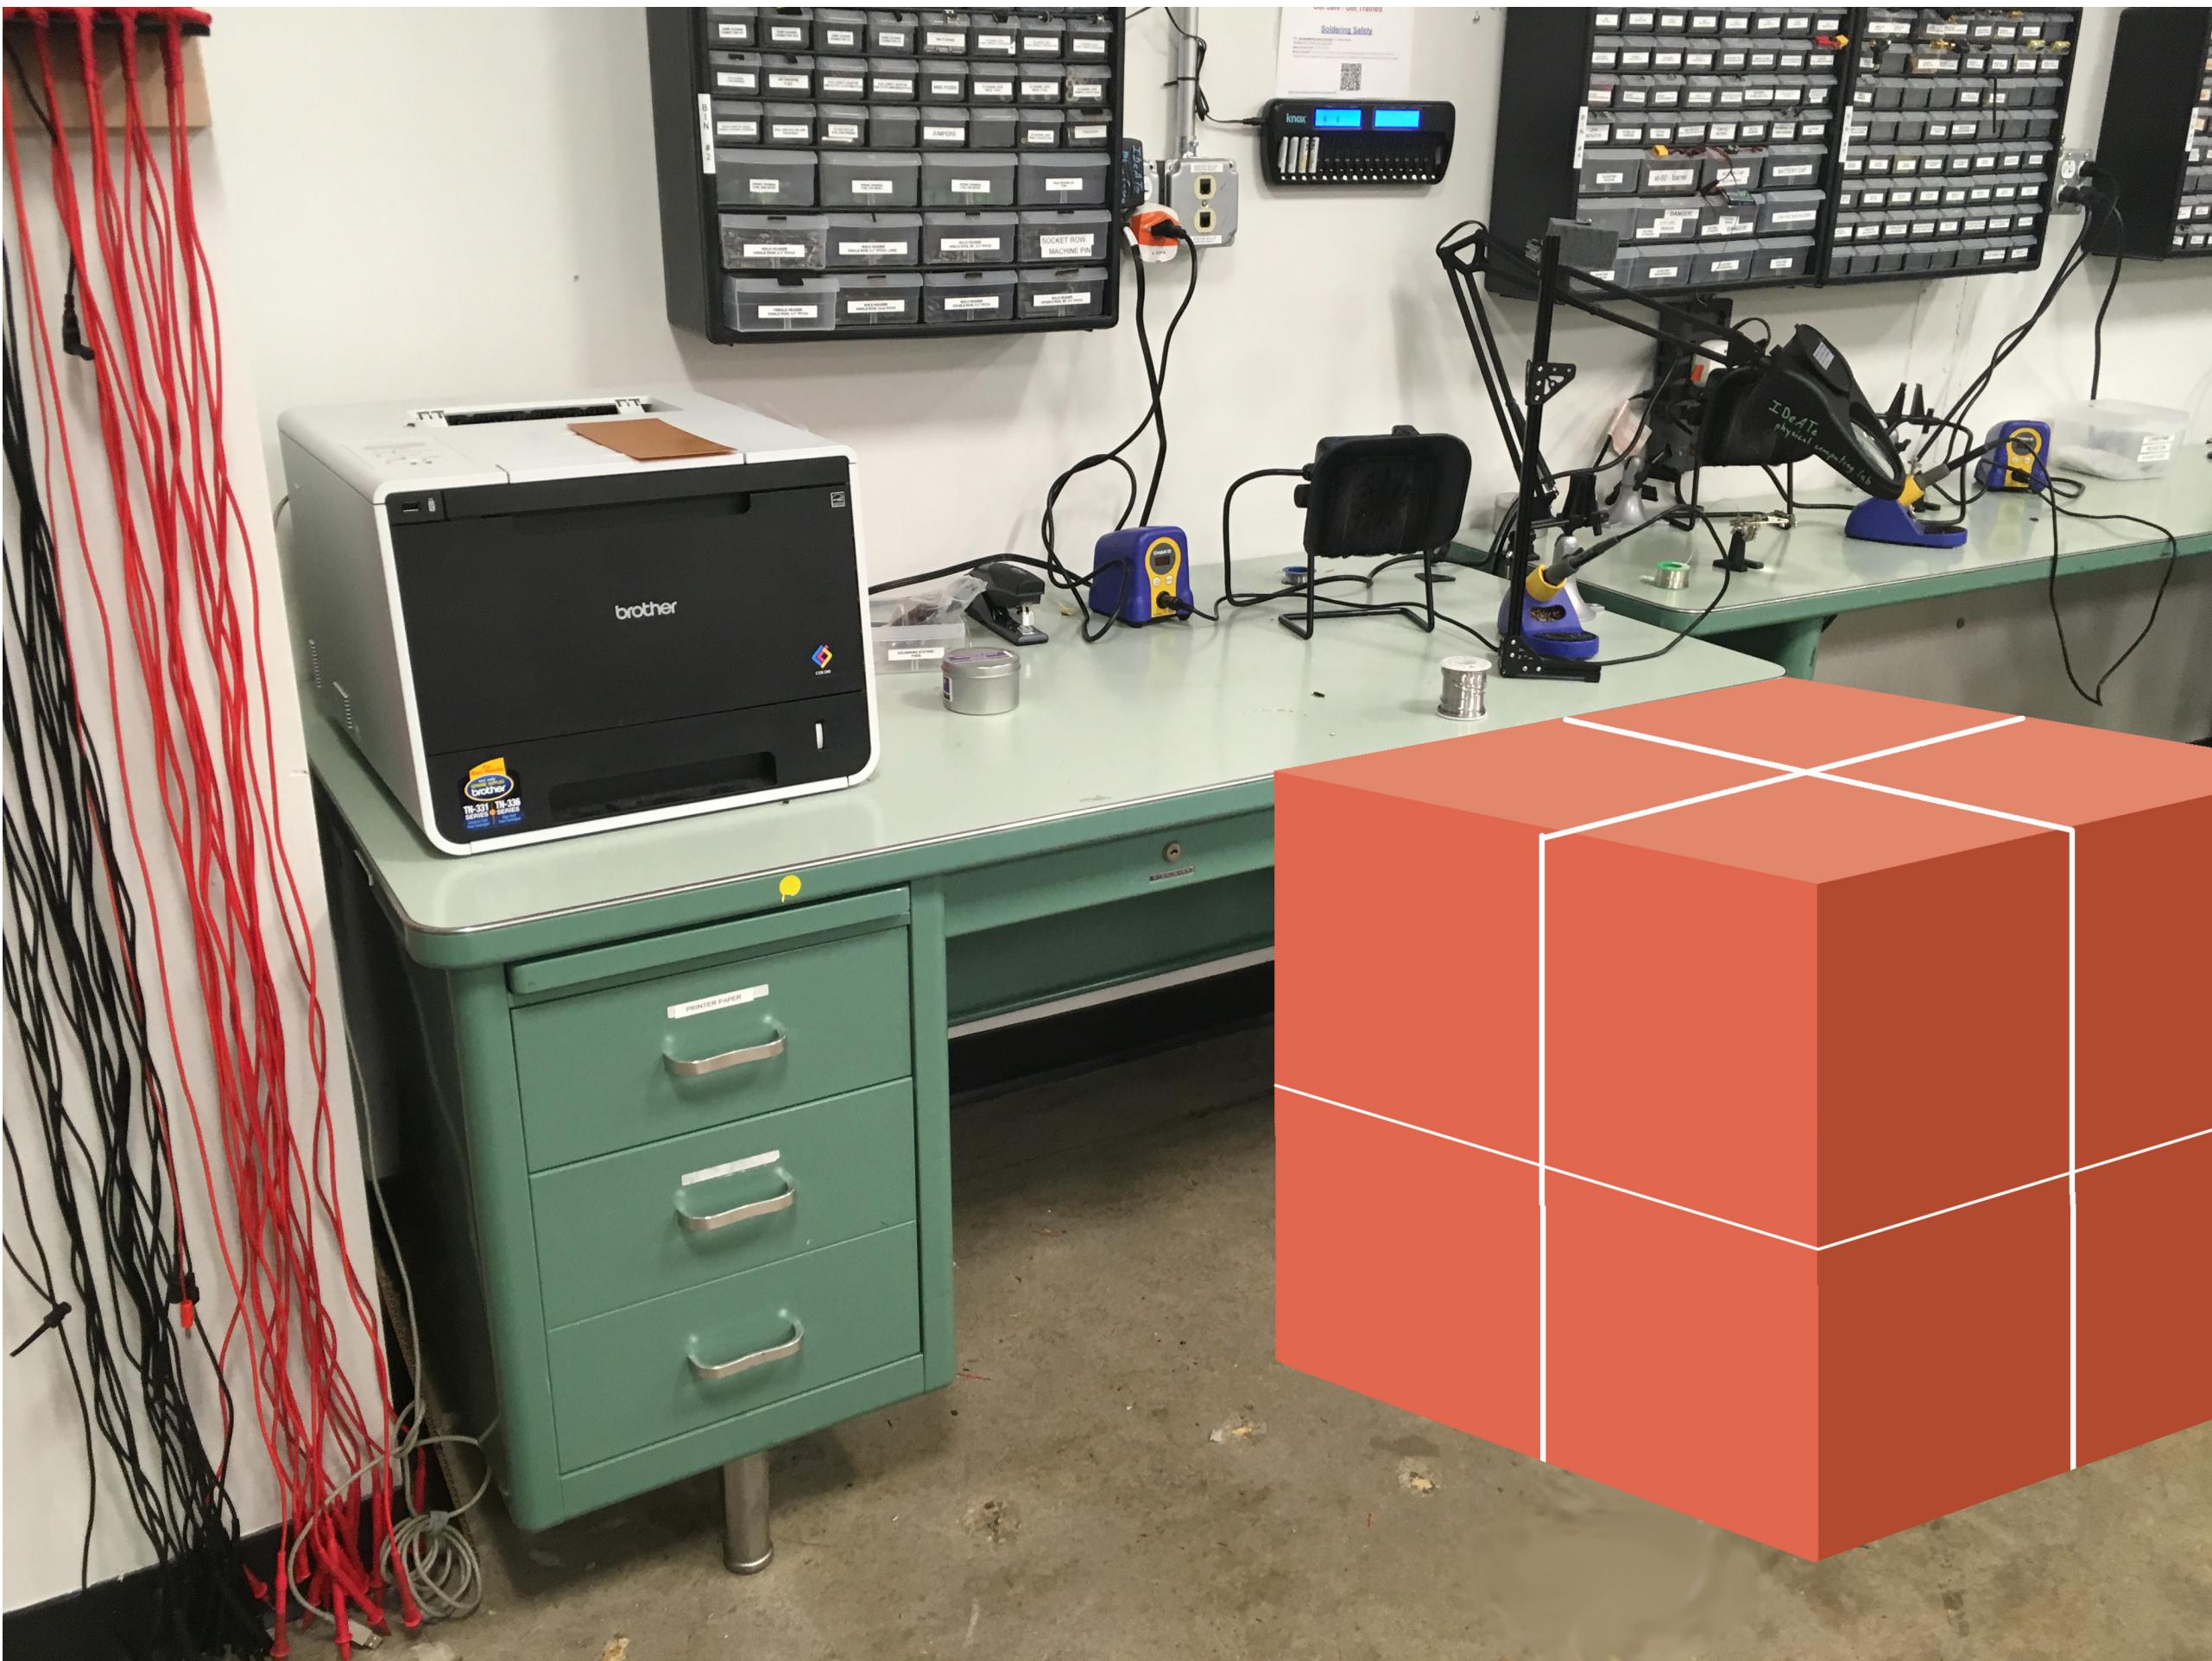

4

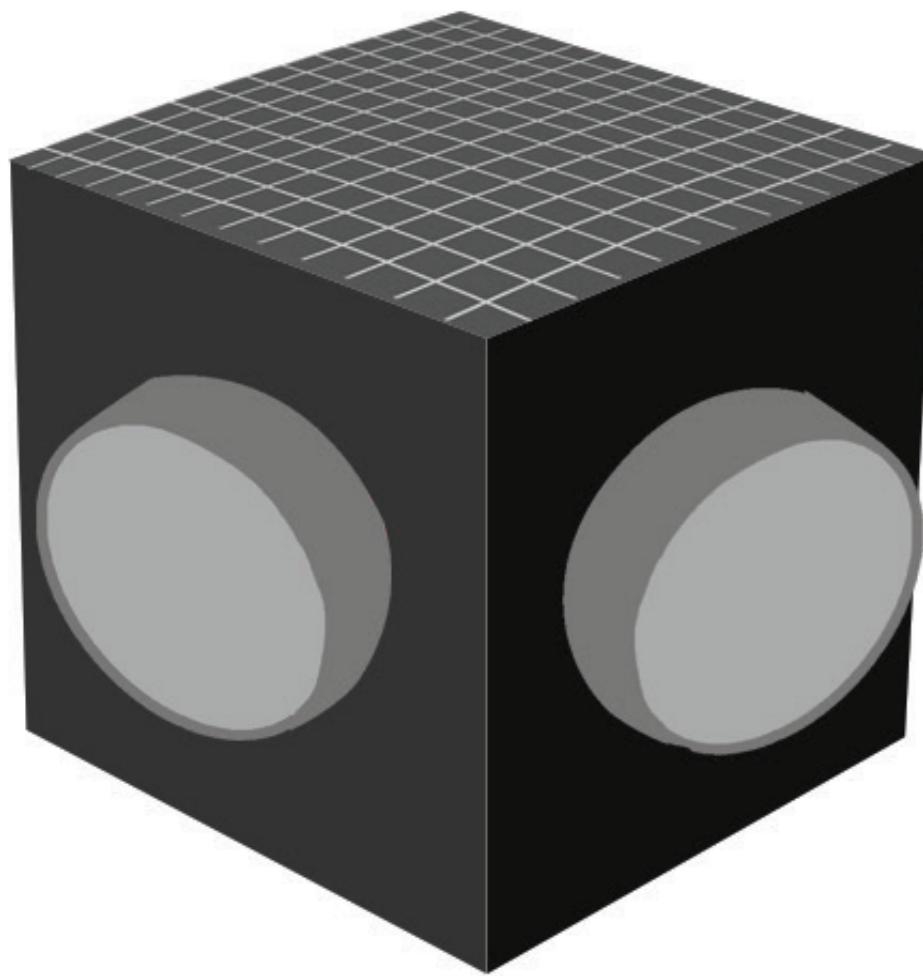

Modular furniture in its most basic form:

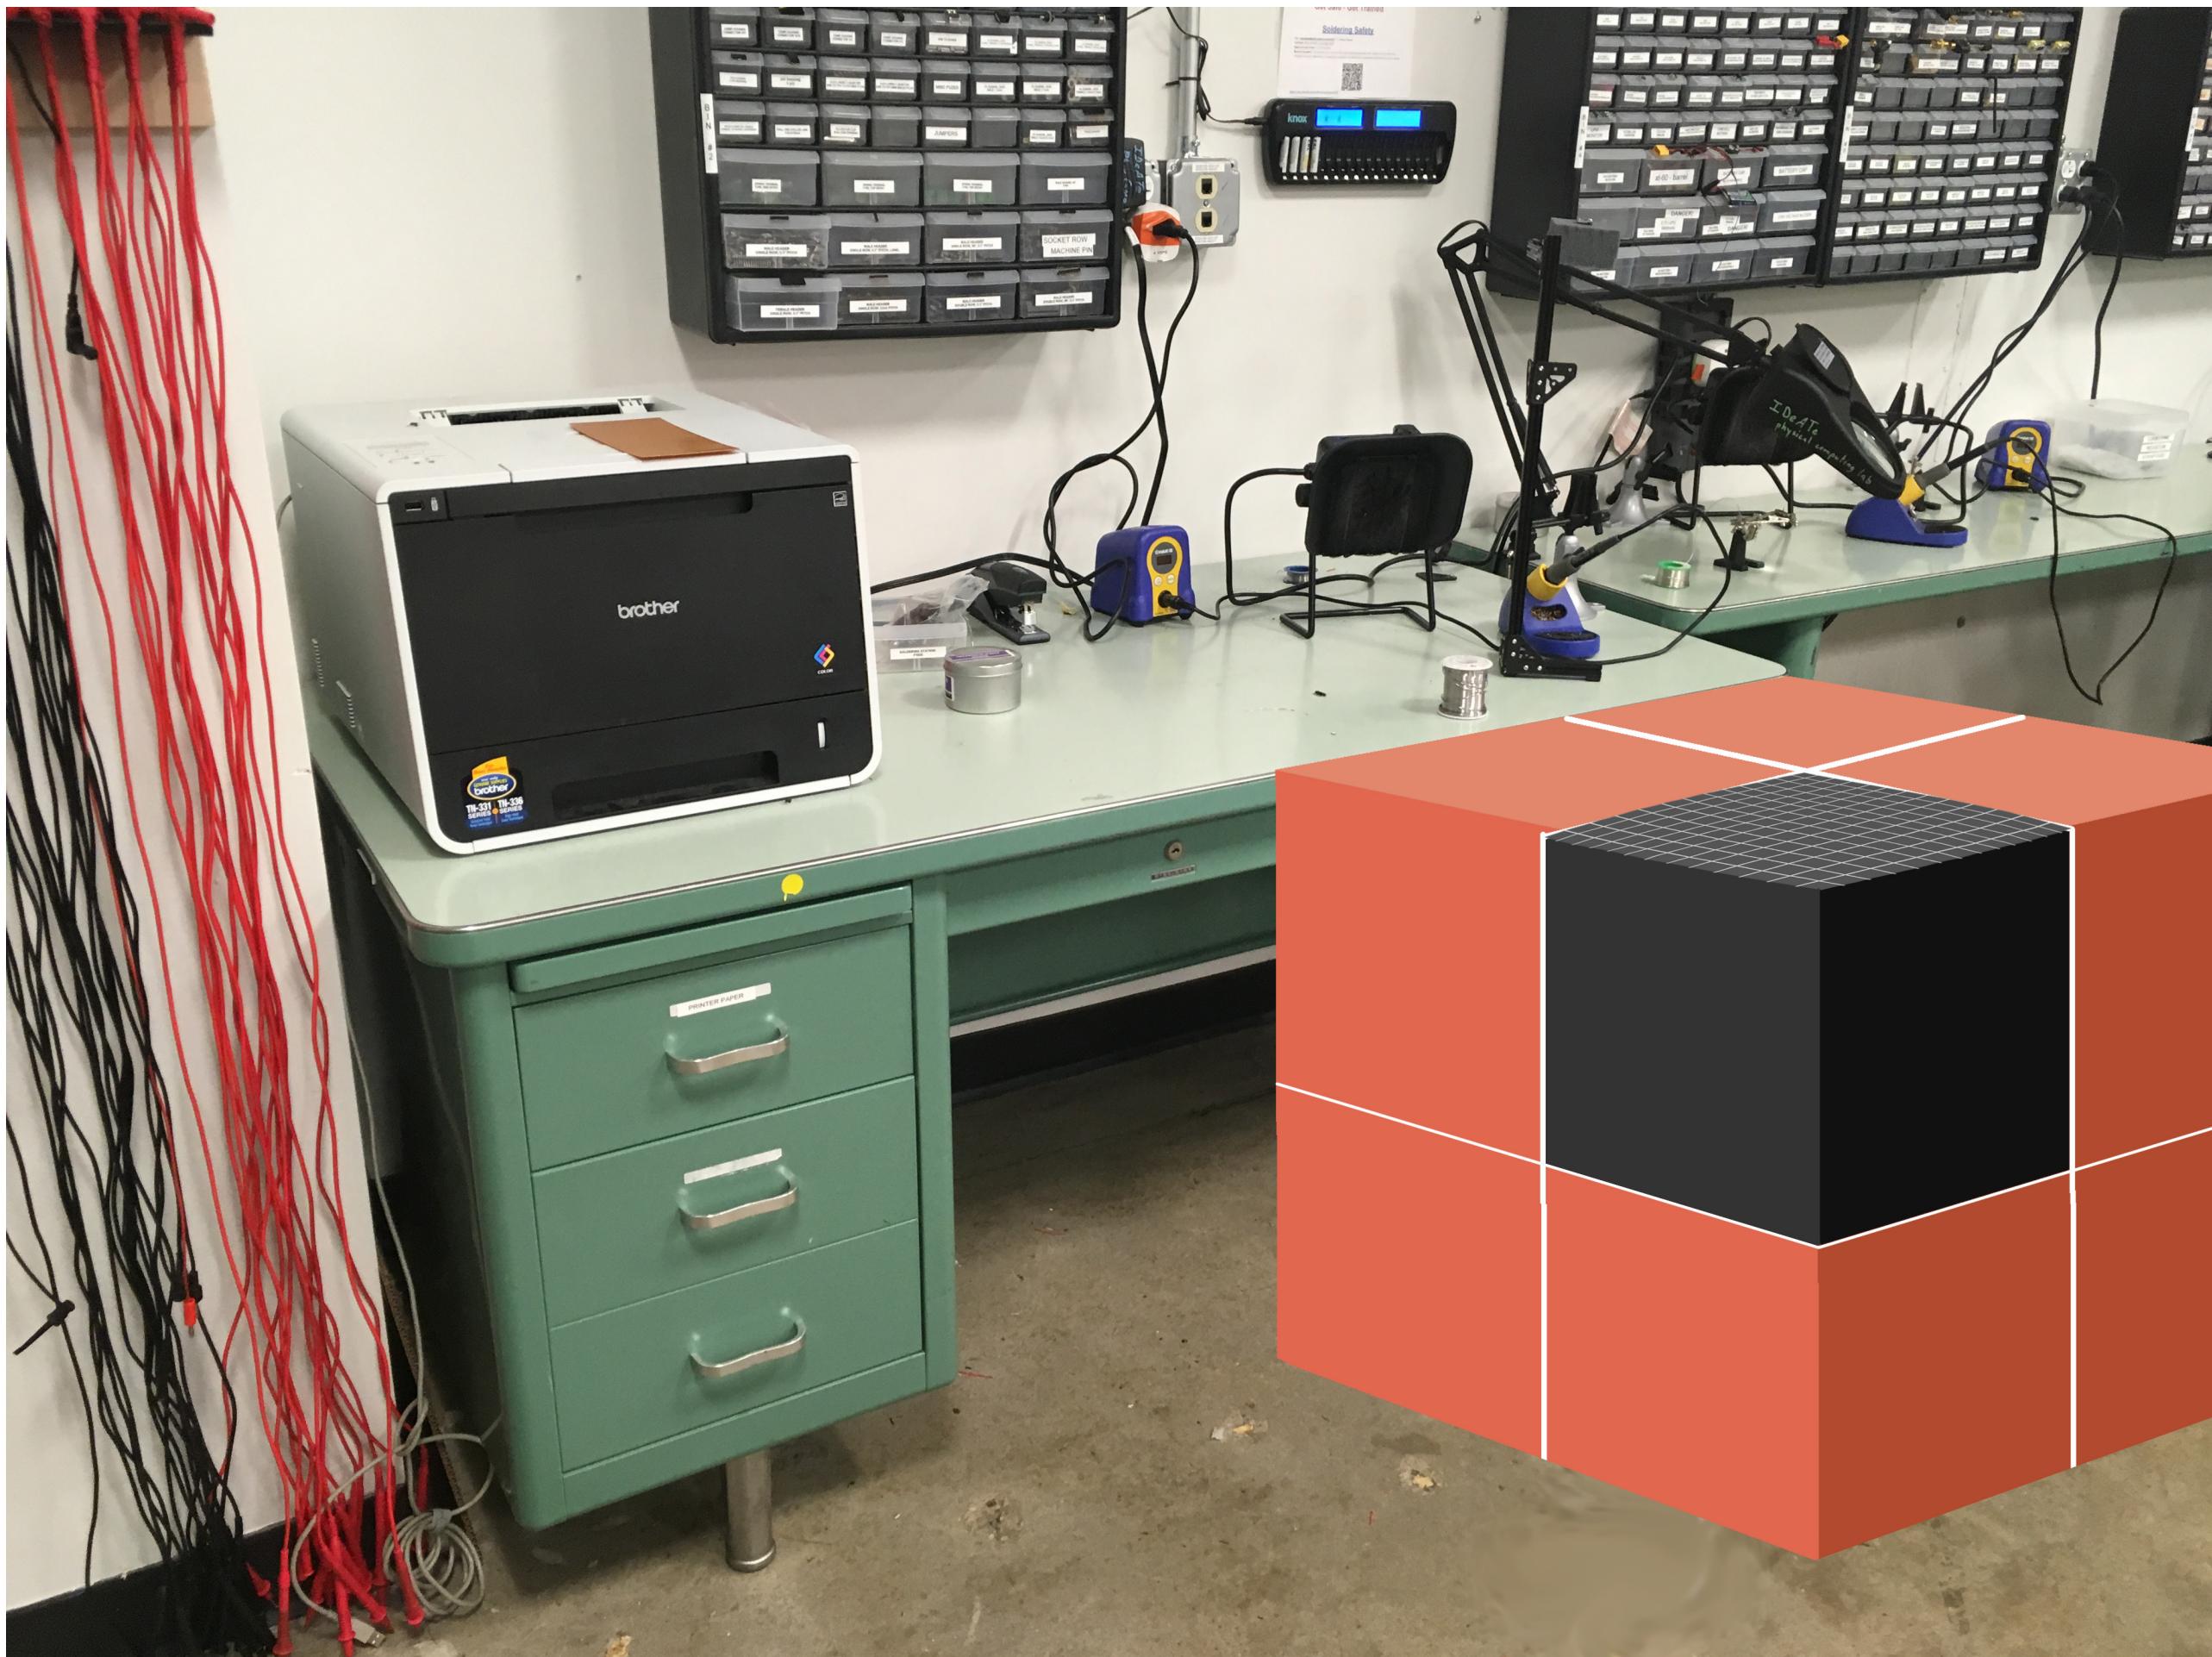

Digital cubes for further integrating work:

Video Demo

Ideas for future work:

- total cube based system
- further digital integration
- varied cube size for other structures
- more “specialty” cubes
